YACHT FOR CHARTER

SUNDECK 550
2017
ITALIAN Flag

Our Trawlers truly redefine the idea of the traditional Navettas, ensuring you will enjoy every moment onboard, in the maximum comfort and with an unmistakable style

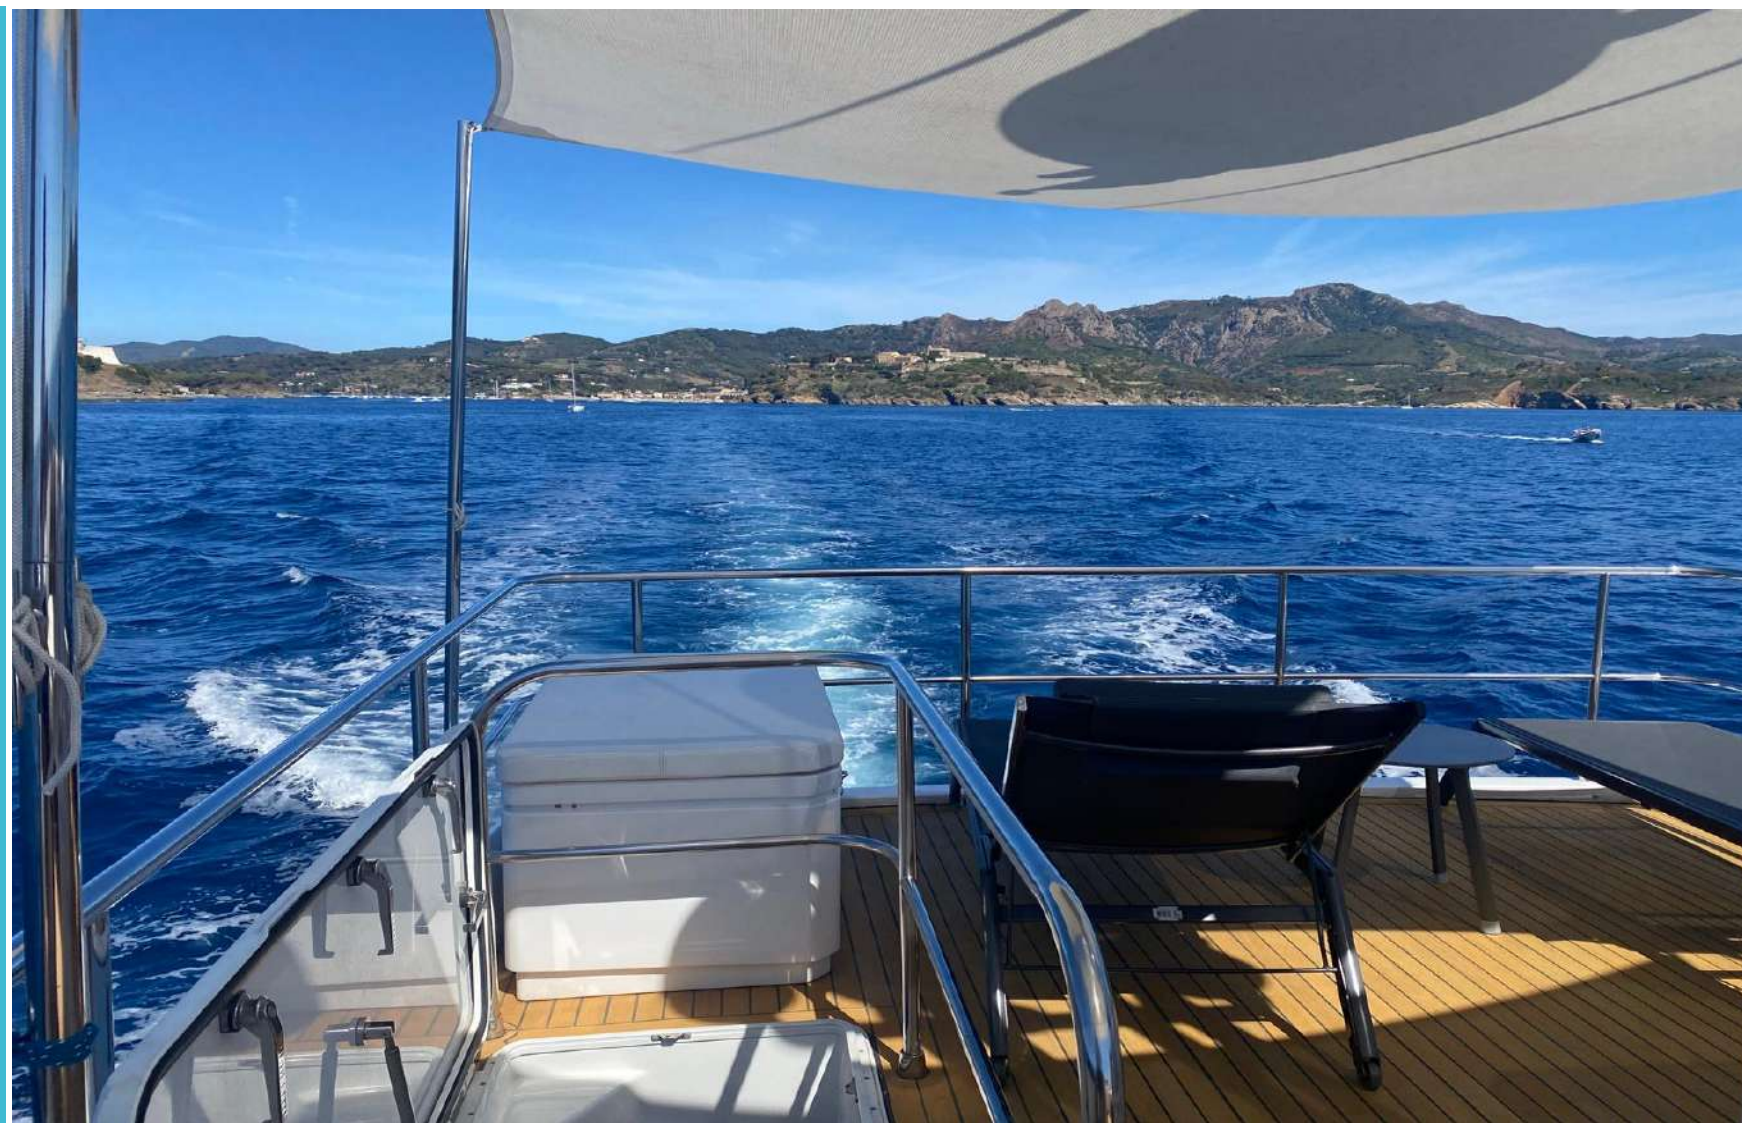

SundeckYachts 550 is a modern trawler designed and built in Italy. The 550 is just the first of three models, 17 to 25 meters, whose target is to bring charm and functionality of a trawler through a catchy look and top craftsmanship.

Sundeck Yachts 550 is around 17 meters long (56 feet) and can be chosen in three different versions, based on the internal layout and trim. Main features are the amazing interior space and the large sun bathing areas outside. On the foredeck there's a bed for four and a couch for another four. The flying bridge offers all amenities, such as refrigerator and grill; while the aft part is free and can be used according to needs.

The cockpit features a comfy living area, but especially some very smart solutions like the system for loading and unloading water or the high pressure pump for deck washdown. The windshield is split into three parts, and the pillars contribute to a visual and structural robustness.

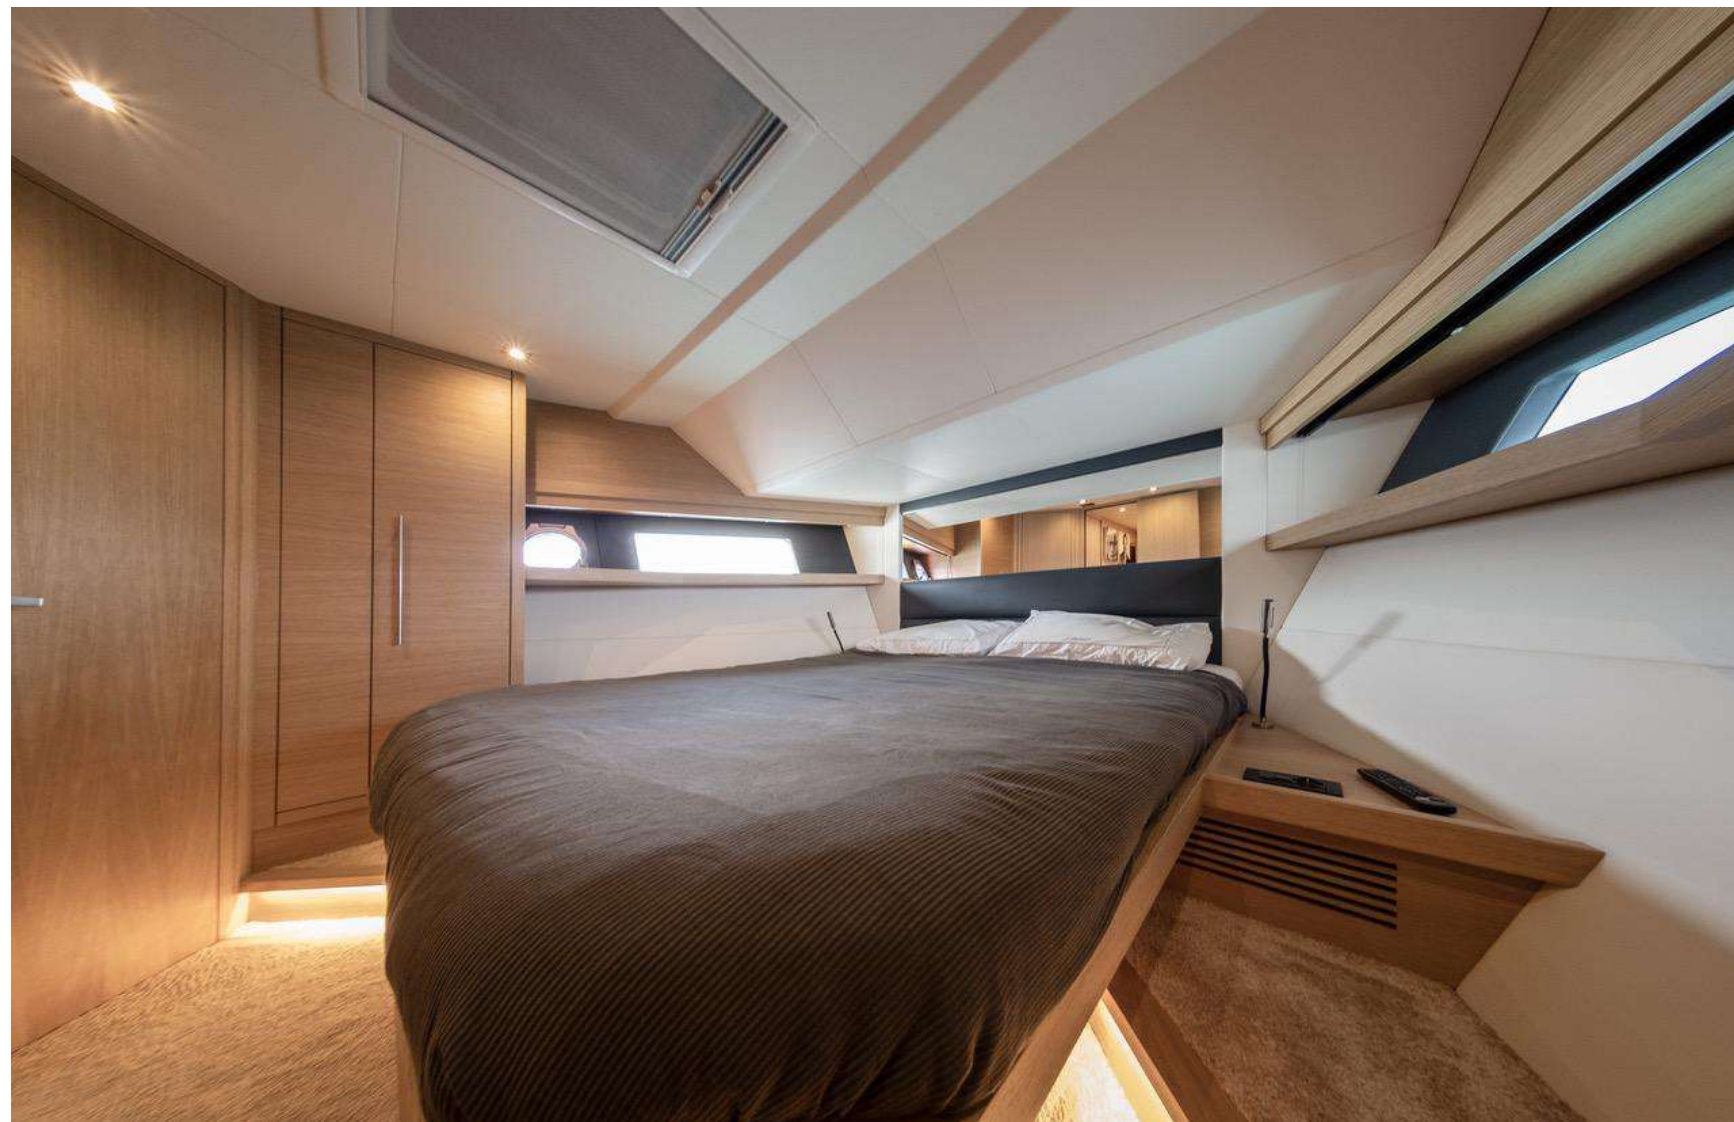

Outside and inside the light toned teak caulking add more elegance and freshness, while couch and chairs can be trimmed in real leather. A side door leads from the helm station to the right passageway and makes maneuvering even easier. The swim platform is submersible, and it's available in two sizes.

The design of the vessel hull , capable of excellent performance both in navigation at displacing speed (with incredible fuel economy!) or planning mode (up to 25 knots top-end!), comes from the Italian Zuccheri Yacht firm, in tight collaboration with the technical departement of the Shipyard which has also taken care of part of aesthtics and inside layout and decoration..

Master cabin

Bathroom details

GUEST Cabin

Tender: Yes
Water toys available on board:
snorkeling equipment,
paddleboard.
Any additional equipment such as
Jet-Ski and SeaBob must be
requested in advance.
