The project comes from the pen of Officina Italiana Design, one of the most reputed Italian design companies. Defined by elegant and balanced lines, the Sanlorenzo SL86 Queen Martina is a true taste of perfection ready to welcome you onboard for exclusive adventures.

The bow is a living space with sofas, table, sunbathing cushions and foldable sun hood. Large side windows catch more natural light and let the guests enjoy the sea view even sitting on the sofas of the salon.

Even if the space onboard the SL86 is longer and wider than previous models, the typical Sanlorenzo sober line remains a must.

The stairway to the flybridge has the steps sided by two plate glass, providing a floating-like look. Among the exterior key features of this Sanlorenzo SL86, the flybridge needs special mention. It is one of the largest in the category, with 41 sqm extension and 9sqm just for sunbathing.

Moreover, with the light, elegant hardtop, this all free, symmetrical space is highly and easily liveable. In addition, the large windows and portholes increase the inside/outside feeling.

The cabin configuration features 4 generous guest cabins for up to 8 guests. The Master cabin aft, two twin cabins with convertible beds into double amid ship and the VIP cabin forward. All cabins are en-suite ensuring a comfortable and relaxing stay.
